

SPECIES AT RISK in Properties protected by Land Conservancy KFLA

COMMON NAME	SCIENTIFIC NAME	RISK RANKING*
Bobolink	<i>Dolichonyx oryzovorus</i>	Threatened
Barn Swallow	<i>Hirundo rustica</i>	Threatened
Common Nighthawk	<i>Chordeiles minor</i>	Special Concern Provincially Threatened Nationally
Eastern Meadowlark	<i>Sturnella magna</i>	Threatened
Golden-winged Warbler	<i>Vermivora chrysoptera</i>	Special Concern Provincially Threatened Nationally
Whip-poor-will	<i>Caprimulgus vociferous</i>	Threatened
Wood Pewee, Eastern	<i>Contopus virens</i>	Special Concern
Wood Thrush	<i>Hylocicla mustelina</i>	Special Concern
Five-lined Skink	<i>Eumeces fasciatus</i>	Special Concern
Eastern (Black, Grey) Ratsnake	<i>Pantherophis spiloides</i>	Threatened
Milk Snake	<i>Lampropeltis Triangulum</i>	Special Concern
Eastern Ribbon Snake	<i>Thamnophis suaritus</i>	Special Concern
Snapping Turtle	<i>Chelydra serpentine</i>	Special Concern
Stinkpot Turtle	<i>Sternotherus odoratus</i>	Special Concern Provincially Threatened Nationally
Blanding's Turtle	<i>Emyloidea blandingii</i>	Threatened
Northern Map Turtle	<i>Graptemys geographica</i>	Special Concern
Monarch Butterfly	<i>Danaus plexippus</i>	Special Concern
Butternut	<i>Juglans cinerea</i>	Endangered

*Risk ranking from Committee on the Status of Endangered Wildlife in Canada

Endangered: Lives in the wild but is facing imminent extinction or extirpation.

Threatened: Lives in the wild but is likely to become endangered if steps are not taken to address factors threatening it.

Special Concern: Lives in the wild but could become endangered or threatened due to a combination of biological characteristics and identified threats.
